ADFIAP joins APAFS' Regional Education Forum

The Manila-based Association of Development Financing Institutions in Asia and the Pacific (ADFIAP), the focal point of 117 development banks and other financial institutions from 42 countries and territories in the region, has again partnered with the Asia Pacific Association for Fiduciary Studies (APAFS) in this year's 10th Pacific Region Investment Conference (PRIC), to be held in Manila, Philippines.

A highly-esteemed investment conference, the 10th PRIC is expected to bring in more than 400 delegates consisting of finance executives, key decision makers, and professionals from the Asia Pacific. The partnership between APAFS and ADFIAP is another successful endeavor of both institutions in continually strengthening the finance function of its members while advocating sustainable development and responsible stewardship in the Asia Pacific region.

"ADFIAP works for the constant growth and improvement of its members. To provide them further valuable knowledge and learning, we collaborate and enhance our relationship with like-minded institutions such as APAFS," says Octavio B. Peralta, Secretary General of ADFIAP.

Aware on their roles on the region's finance situation, global experts and investors will again gather in one roof for a dynamic discussion on finance and investment. The only education-forum concentrating on the Asia Pacific, PRIC brings together world-class experts in finance and investment to shed light on current issues to complement regional understanding.

"We foresee that Asia will be the area of growth in the future. We organize the PRIC each year to continually equip the region and build its professional accountability as the markets mature," says Daniel Roland, CIMA, Executive Director of APAFS.

The 10th PRIC is set to be held on October 14 to 15 at the New World Hotel in Manila. To learn more about the conference and APAFS, visit www.apafs.org.
