## Fiduciary experts to hold investment meeting in RP

THE Asia-Pacific Association for Fiduciary Studies (APAFS) will hold the 9th Annual Pacific Region Investment Conference (PRIC) in the Philippines later this year.

Financial executives and professionals, together with members of fiduciary institutions from all over the region will gather to learn from experts and meet colleagues from relevant industries.

The investment conference aims to provide delegates current and fundamental understanding of global issues and regional trends.

Since 2000, APAFS has served to provide guidance and leadership for fiduciary institutions and investment professionals in the Asia-Pacific region. The association has embraced its role as an educator on financial literacy, consistently pushing for responsible fund management and prudent stewardship.

In line with extending its advocacy for prudent fund stewardship to institutions, professionals, and managers in the region, APAFS partners with a Philippine-based public relations and events management firm, Brand-SpeakAsia Inc.
