The AIF® MASTERCLASS WORKSHOP is a series of workshops focusing on the AIF® Fiduciary Quality Management System. Participants will collaborate in the application of theory to real-world scenarios in each of the four step process, earning AIF® Continuing Education Credits and certificate completion. Prerequisite- Completion of AIF® course. Seating is limited with preference given to AIF® Designees.	The FE® Certificate Training is a one day, classroom-based course, specifically designed for high level investment stewards, and provides the essentials for trustees, investment committee members, administrators, advisors, attorneys and accountants on how they can improve their knowledge of their role as prudent fiduciaries, and to minimize their personal liability.	The AIF® Designation Training is an in-depth, two day classroom-based course, which covers all of the components of a comprehensive investment process and related standards of care. Successful completion of the program prepares interested participants to take the AIF® examination and enable them to earn the AIF® designation.	The PACIFIC REGION INVESTMENT CONFERENCE (PRIC) will again provide a well-rounded two day program offering ideas for dealing with difficult situations, innovative approaches for seemingly impossible dilemmas and a strong grounding for meeting your fiduciary obligations. Attendance at the conference will provide the necessary annual continuing education credits for holders of the AIF® and FE® designations.
